

Call For Student E-Posters

Global Water Alliance 15th Annual Conference

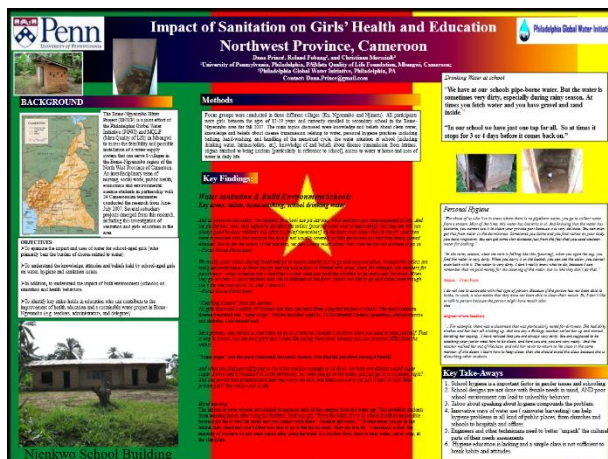

Are We There Yet? United Nations Goal of Universal Access to Sanitation Services by 2030 – Progress, Challenges, and Solutions

Inviting students & recent graduates to submit an e-poster related to **Sustainable Development Goal #6**, from any discipline or combination of disciplines.

Deadline: September 26, 2022

E-Poster Description & Instructions:

- Research Poster, submitted as a PowerPoint for digital display (not print).
- The first slide represents the whole poster design, as in a traditional printed poster (see example below).
- Three more slides can be added, providing concise excerpts or further details. For example, these additional slides could cover: (1) methods and description of field/lab work; (2) test analysis methods, research application in practice, project roll-out; or (3) results, findings, impact assessment, lessons learned, bottlenecks overcome, etc.
- Slides can contain embedded video clips, images, graphs, charts, tables, etc.
- The presentation can be narrated (English preferred). The slides should be set to advance automatically. The full presentation must be no more than 4 minutes.

Twelve posters shall be selected for display at the conference and awarded a stipend of \$100. All those who submit will receive a certificate of acceptance upon screening by the poster peer review committee.

Submit by Sep. 26th through email to:
